DEAR ROBERT,

I AM HAPPY TO SEND YOU THE INFORMATION YOU REQUESTED. I REALLY HAVEN'T DONE ANY MORE WITH OUR GENEALOGY, AND THIS WAS A GOOD REASON TO CLEAR SOME OF IT UP. I AM ENCLOSING A LETTER WHICH I SENT TO JEAN BOONE OF FREDERICK MD, AND ALSO A COPY OF HER BOHN FAMILY LISTING OUR CATHERINE BOHN.

I RETIRED SIX YEARS AGO FROM FORD MOTOR CO. I TOO ENJOYED MY WORK, BUT I HAVE BECOME USED TO SLEEPING IN AND TAKING IT EASY. I HAVE KEPT BUSY SWIMMING AND RUNNING, AND WE TOOK UP BALLROOM DANCING FOUR YEARS AGO WHICH WE ENJOY VERY MUCH.

WE HAVE TWO GRANDCHILDREN WHICH ARE THREE AND FIVE THAT JEAN ENJOYS BABY-SITTING WITH.

WE ARE SORRY TO HEAR OF YOUR HEART ATTACK, BUT WE ARE SURE YOU WILL ENJOY YOUR RETIREMENT.

SINCERLY,

This is what We have found out about Jacob Iler: The records at Frederick, Md. show him marrying Margaret Lukebaugh on June 23, 1802, and Catherine Boon on February 2 4, 1808. } NOT SAME JACOB

In Ohio they have good land records back to the forming of the counties. They have marriage records that are quite complete, but the birth and death records don't start until about 1880. We were not able to find any church records at Circleville which was the nearest city. It looks to us as though Jacob and Catherine Iler must have lived in Pennsylvania, or West Virginia for a while since we didn't find him until 182~~X~~6 in Ohio. You probably didn't have to use U. S. Census records for your Boone Family, but they don't give names of dependents until 1850, then they give names, ages, place of birth of all the members of the family. So up to that time all you can do is use them to place a person, and keep track of the children as they marry or move away.

Here is the information we have found in Ohio:

Grantee 9-16-1826 Jacob Ilor - Pickaway Co. Oh.

Remarried 7-13-1826 to Lovia (Lovina) Searfoss (she was about his age)

1830 Census - Jacob Eyler - 1 male 15 to 20 (Jacob Jr.)
1 female 20 to 30
1 female 60 to 70 (he would be 65)

Quit Claim Deed - Jacob Ilor 6-1-1833 - Pickaway Co. Oh. Wife - Lovina.

Land Patent 10-8-1834 - Jacob Iler, Hancock Co. Oh. from U. S. Gov.

Quit Claim Deed 12-8-1838 - Hancock Co. - Wife Lovina

1840 Census - no wife listed

Quit Claim Deed - 1-11-1841 Hancock Co. Wife Lovina (This is the last on Lovina)

Quit Claim Deed 2-12-1853 - Jacob Iler - Hancock Co. Oh. from John Iler,J

Jacob Iler - Died 11-19-1859. (We have seen his tombstone)

Jacob Iler's children:

John: The only thing I have on his son John (Sr.) is that he married Sara J. Searfoss 9-22-1826. He is listed as having been born between 1800-1810 on the 1830 Census. Sarah was born 5-7-1802, and died 10-19-1887. They had 2 girls, Eliza Ann(Moor) and Margaret(Mann)both born between 1826-1850, and a son John, Jr. was born 9-13-1831. (He was my great-grandfather).
John Sr.'s wife Sarah, remarried a Jacob Folk on 5-21-1835 in Hancock Co. and they had 5 children.

Jacob Jr. - moved to Findlay, Ohio with his father, and his people are still there.

Conrad: - He married Mary Ann Anderson on 8-26-1841. His wife may

have been a Boone but it is doubtful. See "Descendants of "Dilly Scothorn," a copy of which we have enclosed.

Nancy: No information found.

This completes the information we were able to find.

There is a book published in 1972 by an Eilar in Albuquerque, N. Mexico which listed 29 ways to spell Iler, and he had written to the people in Frederick, Md. in 1937. While we were there we saw his correspondence. Also a J. H. Eilar from New Castle, Ind. in 1941. They both kept writing back and forth about Jacob Iler but they never mentioned his two marriages.

We certainly appreciate your taking time to see us when we were in Frederick. It was nice to meet someone of the Boone family. As I figure it, Catherine Boone would be my 3rd great grandmother (maybe) - to be truthful, we don't know whether John Sr.'s mother was Margaret Lukebaugh or Catherine Boone.

We should have answered you before this time, but we were covered up after being gone for three weeks, and now we are trying to get ready to go out West in July. If we find anything in the future which we think might be of interest to you, we will forward it.

Sincerely,

Bob and Jean McCain

Dear Bob,

I don't know if you remember, but over a year and a half ago I had written to you regarding Jacob EYLER/OYLER and his son Conrad (Sr) d. 1816 of Frederick Co, MD. At that time I had become aware of the deficiencies (due to lack of documentation) in Dr. Eilar's genealogy of the descendants of Conrad Iler, immigrant to America who d. ca 1751. I had already traced my ancestry to Conrad (Sr.) ILER who d. 1816, but Dr. Eilar's genealogy only provided circumstantial evidence in York Co, PA that the C41 Conrad ILER d. 1816 was indeed the son of C4 Jacob and brother of Dr. Eilar's and your ancestor C43 Valentine. For that reason, I really didn't know what I could tell you that would be new, so I didn't continue the correspondence.

It was good to hear from you, and it was a bit surprised to learn that one of my letters to Maryland EYLER/EILER/ILER families had located

someone interested in the family history. I've found that many people there believe that the EILER, EYLER and ILER families are distinct, but I have come to the conclusion that at least by the 1850 census EILER/EYLER/ILER families in Frederick Co., MD were largely descendants of Jacob Eyler/Oyler.

I am enclosing a family group sheet of the family I believe to be that of C4 Jacob Eyler/Oyler, our common ancestor. The main reference comes out of the 1797 Bedford Co, PA Orphans Court when son C41 Conrad petitions for the settlement over his deceased father C4 Jacob's land. I located the link to the names in the court record from the published journal of Friedrich C1* Gelwicks, the brother-in-law of C4 Jacob Eyler/Oyler. As you recall Gelwicks was the husband of Maria C1 Dorothea EULER. Through these records I identified nine of the children of Jacob Euler/Eyler/Oyler namely: C43 Valentine, C44 Frederick, Nicholas [not listed in 1797 Bedford Co, PA record], C42 Jacob, C41 Conrad, Peter, Anna Maria, Lawrence, Jonas. So, I am quite sure that

the Jacob[c4] Oyler of the 1797 Bedford Co, PA record is the Jacob[c4] Eyler of Manheim Township, York Co, PA who sold his land to his son Jacob[c42] in 1770.

I believe that Jacob's[c4] sons Frederick,[c44] John,[c42] and Valentine[c43] moved to Frederick Co, MD, in the same 1770s period in which Jacob,[c4] the father, moved from York Co. to Bedford Co. with part of his family. I also believe that Jacob's[c4] son Conrad[c41] remained in York Co, PA, until 1779 when he moved to Frederick Co, MD, when he purchased the land of Valentine. However, these individual moves still have to be documented and the identity of these individuals verified. In other words, I am less sure of these individual moves to Frederick Co, MD, than of the identification of Jacob Eyler/Oyler in York and Bedford counties. Obviously, a big problem is that the marriage records for these men and the baptism records of their children have not been located in Pennsylvania, except for the one baptism of the child of Conrad[c41] and Barbara[c41 *] Eiler on 6 MAR 1779 at St. Matthew's in Hanover, PA (more on this later). So, it is difficult to identify

that the individuals named in the 1747 Bedford Co, PA records are identical to the people in the 1790 Frederick Co, MD census and later records there. I have not been able to locate additional birth/baptism records or marriage records, so any additional information would be very helpful.

The baptism record of 6 MAR 1779 of the child of Conrad and Barbara Eiler is for Johannes according to the original record, although I have seen the translation where no sex or name are given. This issue obviously makes it difficult to sustain the argument that Dr. Eilar made that Conrad Eiler/Eiler(#1) was the link between the York Co, PA Eylers and the Frederick Co, MD Eylers. I'm not sure how all these records can be interpreted to provide the connection between York Co, PA and Frederick Co, MD. Again, perhaps if other marriage or baptism data were located it would help solve these identity problems.

I am also enclosing my current family group sheet

for Conrad c41 Iler (Sr.). There are also questions here regarding correct identification of the children since contemporarily there are a number of people with identical first names (probably children of John Eiler/Iler who was in the Woodsboro area also).

My connection to the Iler family is through one of my 2nd great grandmothers, Mary Jane [ENGLE] JANSSEN/JOHNSON b. 11 NOV 1861 in Illinois m. 8 JAN 1879 to Meint Harm JANSSEN (later changed name to Johnson) d. 14 APR 1935 in Ireton, Iowa.

Since my other ancestors were German immigrants

from various parts of Germany (varying from Ost-friesland, Westphalia, to Silesia), I don't think further information on them would help solve ILER problems, but I could provide family group sheets if you are interested. You should notice that Abraham ENGLE is mentioned in the will of C412 Conrad ILER (Jr.), written in 1848, as being an adjoining neighbor. So, it is not surprising that their children David ENGLE and Mary Ellen C412⁷* ILER would be married.

I am interested in a number of details regarding the family of your ancestor C43 Valentine & C43* Susanna Eiler who apparently left Frederick Co, MD circa 1779 and went to Canada. In Dr. Eilar's book, he was not able to trace the son C433 David b. ca 1773. Have you or anyone else been able to locate further records of him? Also, according to Dr. Eilar's book there is a 12 year gap between the birth of 1260-C435 Catherine b. ca 1779 and C432-40r Samuel b. 17 MAR 1791 — undoubtedly there would be children born during this period, but have any records regarding this been located? I would just like to keep my

information as complete and accurate as possible.

Another area of interest to me is the FUCHS/FOX family
which married into the Canadian ILER family, esp-
ecially the family of C431 Jacob & C431* Elizabeth ILER (p. 64
of the 1982 printing of Dr. Eilar's book). There are a
number of FUCHS/FOX families in the Woodsboro,
Frederick Co, MD area who married into the ILER
families there. Specifically, two children of C41 Conrad
ILER (Sr.) married FUCHS: C413 Elizabeth ILER m. Balthasar
FUCHS/FOX and C414 Peter ILER m. Maria/Mary FUCHS.
I believe that this Mary FUCHS was the daughter
of Balthasar by a previous marriage. Also, there
are a number of baptismal interchanges among
the EILER/ILER and FUCHS families at the St.
Peters (Rocky Hill) Lutheran Church near Woodsboro
before any of these marriages. I just think there
must be a connection which relate to your ancestor
C43 Valentine and my ancestor C41 Conrad (Sr.). I would appreciate
any information you have regarding work you or
anyone else have done on the FUCHS/FOX family.
I am looking forward to exchanging information
with you.

Sincerely,
Kenneth [illegible]

~~In October, 1884, Mr. Wisner was united in marriage with Miss Janey A., daughter of John Armacost, and they have become the parents of four children, who are still living, namely: George H., Rachel B., John Arthur and Nellie J. The parents are both earnest and consistent members of the United Brethren Church, belonging to the Mt. In his political affiliations Mr. Wisner is an ardent Democrat and on his party ticket was elected road supervisor, a position he efficiently filled for two years.~~

19800 - VS14 CAPT. TOLBART STEPHEN ILER has the distinction of being the oldest master now sailing the bay. His long period of service in this capacity speaks volumes for his industry, fidelity and energy. Though now somewhat advanced in years, he is hale and vigorous, possessing the same enterprise that characterized him when a young man and having in addition the large experience that renders his opinion and decisions especially valuable. At this writing he is master of the steamer General Cadwallader, plying the waters of the bay, between the port of Baltimore and Philadelphia.

Captain Iler was born in Bohemia Manor, Cecil County, Md., October 22, 1820, and is a son of 9793 VS1 Capt. John Highland Iler and Sarah (Pennington) Iler, also natives of Cecil County. In early days his father ran a packet to Frenchtown, connecting with the line between Frenchtown and Newcastle. At the time of the war of 1812 his J.H. vessel was sunk by the British, while they were on their way to burn Frenchtown. March 17, 1820, having sold his vessel in Baltimore, he returned to Court House Point, on the Elk river, but when going ashore in his brother's boat, the vessel was capsized and he was drowned. VS - The grandfather, Capt. Stephen Iler, also a native of Cecil County, was master of a schooner throughout his active life, and died at Harlan Point.

The mother of our subject was a daughter of Squire Robert Pennington, who was a magistrate 34740 in Cecil County. She died at eighty-four years of age, leaving three sons and one daughter. John, who was a seaman, went to New Orleans when a young man and made that city his head- 19796 quarters afterward; Sarah R., who died in Chesapeake City, VS 12 was the wife of Jeremiah Malster, and mother of William T. Malster, president of the Columbian Iron Works of Baltimore and one of the most prominent and influential men of Maryland. George Washington Iler, who was a sea- 19799 man, went to New Orleans, where it is supposed that he and his brother John died.

The youngest of the children is the subject of this sketch. He was reared at Bohemia Manor and had very limited educational advantages, his present fund of information having been acquired solely through his own efforts. From boyhood he followed the bay. At the age of seventeen, in 1838, he went to the East Indies on the ship Lehigh, of Philadelphia, owned by John McCrea, the tea merchant. They were ninety-eight days on the voyage from Philadelphia to Canton, China, and one hundred and eleven days in returning, the journey being made via Cape of Good Hope. On arriving in this country again, he went aboard the Richmond, sailing between Richmond and Philadelphia. The following year he went to Tampico, Mexico, on the brig Norfolk, but after returning from that voyage he left the high seas and began to work in inland sailing. In the spring of 1841 he entered the employ of the Ericsson Line Company, with whom he has since remained. At first he was employed as second officer on the steamer Cumberland, that has been running between Philadelphia and Baltimore ever since. After one year he was made first officer and soon afterward became master. During the long period of his connection with the company, three generations of members of the Ericsson family have passed away, and he has assisted in burying them.

In politics Captain Iler is an old-line Democrat, fraternally he affiliates with the Odd Fellows, and in religious belief he is a Presbyterian. Twice married, his first wife was Miss Mary Ann Sampson, daughter of Samuel Sampson, a master builder residing at Philadelphia. She died at the age of twenty-nine, leaving a daughter, Mary Ann, who is now the wife of George R. Cross, of Baltimore. The captain's second marriage took place in Philadelphia and united him with Miss Margaret Ann Hudson, who was born in Cecil County, Md., daughter of William Hudson, a farmer, later a merchant of Bohemia Manor. The only son born of this union was William Tolbart, who was a graduate of Pierce's Business College of Philadelphia, and afterward engaged in the grocery business in that city, but died there at the early age of twenty-seven years. The only daughter is Maggie, now Mrs. R. B. Jones, of Baltimore. 19806

~~JOHN F. WEYLER, the well-known warden of the Maryland penitentiary, is one of the most prominent and popular citizens of Baltimore. He is a native of this state, his birth occurring February 8, 1844, in Montgomery County, where his parents had located two years previous on their emigration to this country from the kingdom of Wurtemberg. Upon his arrival the father obtained employment with a farmer in Montgomery County, where he continued to make his home until our subject had his leg shattered while driving home some sheep. They then removed to Baltimore in order to secure the best surgical skill and treatment in setting and healing the fracture. The local physician in Montgomery had decided that amputation was necessary, but by careful treatment the limb was saved, although he was compelled to use crutches for two years.~~

~~In early life Mr. Weyler received but a limited education, but realizing that knowledge is the key which enables one to open the storehouse of the world and cull its choicest fruits, he became a constant reader and diligent student, fitting himself admirably for the various positions of honor and trust which he has been called upon to fill. He was married in Baltimore to Miss Louisa Hillen, a native of the city, and a daughter of Charles Hillen, a farmer on the Bel Air road, who belonged to one of the old and honored families of this state.~~

~~Since 1852 Mr. Weyler has made his home in the seventeenth ward of South Baltimore, and since an early age has taken an active and influential part in political affairs as an ardent supporter of the Democratic party. In 1867, after the reorganization of the police force, he was, without solicitation on his part, appointed sergeant at the early age of twenty-three and assigned for duty in the southern district. Some time later he was made a member of the detective force, and in 1876 was appointed by Mayor F. C. Latrobe clerk of the Cross Street Market, which position he acceptably filled until 1879, when he was elected to the second branch of the city council from the seventeenth and eighteenth wards. He continued to represent these wards, alternating from the second to the first branch of the council for nine consecutive years, during which time he was one of its most prominent members, serving on all of the important committees, including the ways and means committee, of which he was chairman. He was also president of the first branch and frequently acted as mayor ex-officio.~~

~~While still a member of the city council, Mr. Weyler was appointed warden of the Maryland penitentiary in May, 1888, which position he has held up to the present time to the general satisfaction. On assuming the management of that institution he introduced several important features and reforms, and by wise, efficient and judicious management has made the penitentiary not only self-sustaining, but turned into the state treasury in 1895 $15,000. During his incumbency and through his own efforts and management it has become one of the model institutions of the kind in the country.~~

~~Mr. Weyler is one of the foremost penologists in the United States and is worthy of the high reputation he enjoys. He is fearless, quick of~~

~~Secretary Baker told the newly commissioned officers of a training camp in August, 1917: "You are given authority, not for your personal pleasure or gratification, but that you may serve your country by leading the soldiers with you, not under you." Captain McSwain considers that the most important quality in an officer is leadership, and that no man can be a true leader unless he possesses both physical and moral courage, and that moral character is the foundation of it all.~~

~~Captain McSwain is a member of the Methodist Church, and is popular in a number of orders, including the Masons, Knights of Pythias, Woodmen of the World, Odd Fellows, Junior Order United American Mechanics. On April 26, 1905, he married Miss Sarah McCullough, daughter of Col. John W. McCullough of Greenville County. They have one daughter, Janie, now in the public schools of Greenville City.~~

~~**Dr. Wade Stackhouse.** Success in any of the pursuits or activities of life invariably challenges the admiration of the world. It is of little consequence whether it be in the professions, in commerce or trade, in finance, in public life, or along agricultural lines, it is the one distinctive and distinguishing characteristic of all the transactions of life. Accordingly, when an individual has achieved success in several fields of endeavor, he is entitled to more than ordinary distinction, and in this connection the career of Dr. Wade Stackhouse, president of the Bank of Dillon and owner of the Carolina Milling Company, presents features worthy of mention.~~

~~Doctor Stackhouse was born October 28, 1868, in Marion (now Dillon) County, South Carolina, a son of H. M. and Martha (Stackhouse) Stackhouse. On his father's side, the family is traced back 160 years, when the first of the name, a Pennsylvanian of Welsh descent, came to what is now Marion County, where William Stackhouse, the great-grandfather of the Doctor, and Isaac Stackhouse, his grandfather, were born and passed their lives as planters. There also was born H. M. Stackhouse, who is still living at the advanced age of eighty years, a Confederate veteran who served throughout the War between the States. Martha Stackhouse, a daughter of Wesley and Lucretia (Bethea) Stackhouse, and a member of a family which came to South Carolina prior to the Revolutionary war, died in 1904, at the age of sixty-two years. She and her husband were the parents of five children: Rev. R. E., presiding elder of the Columbia District of the Methodist Episcopal Church; Doctor Wade, of this review; Alice, the wife of J. C. Dunbar of Sumter County; Augustus, who is engaged in extensive farming operations near Dillon, in Dillon County; and George M., a paymaster in the United States Navy since prior to the Spanish-American war.~~

~~Wade Stackhouse received his preparatory educational training in the public schools, following which he attended Peabody College, at Nashville, Tennessee, and was graduated with the class of 1887. He then entered upon his medical studies at Vanderbilt University, from which institution he was graduated in 1891 with the degree of Doctor of Medicine and immediately entered upon the practice of his profession, in which he continued successfully for thirteen years. In the meantime, in 1894, he had acquired a small farm near Dillon, and since that time his holdings have been augmented greatly by his good management and business capacity, he at this time being the owner of some 2,700 acres of land, all in Dillon County. He also has other varied and important interests, and is the owner of the Carolina Milling Company, a flour, corn and feed mill station at Dillon. At the time of his election to the presidency of the Dillon Bank, in 1904, he found his time too busily occupied for him to continue as a practitioner and he reluctantly gave up his practice in medicine. A man of sterling qualities, Doctor Stackhouse is esteemed and respected by all who have the honor of his acquaintance. While he has been deeply concerned in his business and financial operations, he has never neglected the finer things of life, and enjoys the best in literature, reading extensively and appreciating the productions of his favorite authors. He has traveled extensively and is one of the most cultured men in his section of the state.~~

~~In December, 1892, Doctor Stackhouse was united in marriage with Miss Elizabeth Steed, a member of an old and honored family of this part of South Carolina, and they are the parents of four children: Ruth, Steed, Mary Elizabeth and Martha.~~

ALONZO ILER GREENVILLE

[redacted], whose home is at [redacted], with which city as headquarters he represents in the Southern states L. R. Wattles & Company of Canton Junction, Massachusetts, manufacturers of sizing compounds, cotton softeners and sizing tallows, has had years of connection and experience with the cotton mill industry, as did his father before him. The interest attaching to Mr. Iler's personal career, which has been one of advancement and growing prominence, is increased by the fact that he has two soldier sons and is probably more proud of their patriotic record than of his own business achievement.

LAWRENCE GA

JAMES FRANKLIN ILER

19189

His father, [redacted], was born at [redacted] and had almost lifelong associations with the cotton mill industry of the South. For three years of the war he served in the Confederate Army in the Twenty-First Georgia Light Guards, going out from Augusta. In the last year of the war he was sent back to Augusta to take charge of a cotton mill making clothing for the Confederate soldiers. In 1875 he removed with his family to Piedmont, South Carolina, where for a number of years he was general manager for the Piedmont Manufacturing Company. This mill was one of the oldest in upper Carolina, having been founded by Col. H. P. Hammett. James Franklin Iler married Susan Bumbalowe.

In the home of these parents at Augusta, Georgia, in 1867 Alonzo Iler was born, and acquired his first experience in the textile industry when a boy. He began work in the Piedmont mill as a sweeper and has filled practically every position in a cotton mill. During three years at Providence, Rhode Island, he completed his education as a machinist in large machine shops of that city. On his return to South Carolina he became chief engineer and master mechanic for the Greenwood Cotton Mills, later filling

VJ12

a similar position with the Union cotton mills at Union, and then for seven years as an expert mechanic and engineer, he represented in the Southern states the C. & G. Cooper Company, manufacturers of engines and boilers. In 1911 Mr. Iler became Southern representative for L. R. Wattles & Company, and on assuming that position established his home at Greenville. He is a Knight Templar Mason and Shriner and a member of the Methodist Church.

81

Mr. Iler married Miss Abbie Davenport. Her father, the late Hon. Frank Davenport, of Greenville County, was representative to the State Legislature and was long regarded as one of the most substantial citizens of the Greenville section. Mr. and Mrs. Iler have five children: Harry, Don, Mrs. H. L. McConnell, Miss Nancy Ann and Miss Katie Walton.

[redacted] when a boy joined the National Guard of South Carolina and was one of the original members of the famous band of the First South Carolina Regiment. This regiment in the war with Germany became the One Hundred and Eighteenth Infantry of the National army, in the Thirtieth or "Old Hickory" Division. Harry Iler was all through the service in France and Belgium, serving in the regimental band. He returned home in April, 1919.

[redacted] before the war with Germany began, held a civil service position as a stenographer in the United States navy at Charleston. On the outbreak of the war he volunteered in the regular service of the navy, and was soon promoted to chief petty officer. That is his present rank, and for a number of months he has been connected with the transport service of the navy.

DAVID ELWOOD MCCUEN, one of the progressive, public spirited younger business men of Greenville, is a member and assistant manager of Cooper & Griffin, Incorporated, cotton merchants and exporters, with main offices in Greenville. This is one of the great cotton firms of the South. It maintains offices in many American cities, and connections in England and other parts of Europe.

Mr. McCuen was born in Savannah, Georgia, July 23, 1882, a son of D. E. and Rosa (Payne) McCuen. His parents were both natives of Florida. Mr. McCuen grew up and received his education in Savannah and graduated from the University of Georgia in 1901. He has been in the cotton business ever since leaving college and has been a resident of Greenville since 1906. Mr. McCuen was the member of the firm Cooper & Griffin selected to go abroad after the signing of the armistice and re-establish the trade connections of his house, and handle many other important business affairs in the war stricken countries of western Europe. In making this trip he was one of the few civilians accorded that privilege in the early months following the war and it gave him the greatly prized opportunity of seeing the countries of England, France, Italy, Belgium and Holland at first hand. With his mission successfully accomplished he returned to Greenville in April 1919.

Mr. McCuen has for several years been actively interested in the Y. M. C. A. work. He was elected a member of the Greenville Y. M. C. A. in 1913 and in April, 1918, was chosen president. During the year of his presidency the services of the Greenville organization were largely directed to taking care of many thousands of soldiers quartered at Camp Sevier, and Mr. McCuen labored unceasingly in behalf of that department of army welfare work.

An honor deeply appreciated by him and one of special distinction was his election as president of the Greenville Rotary Club in 1919. Mr. McCuen is a Knight Templar Mason and Shriner, and is a member of the Vestry of Christ Episcopal Church at Greenville. He married Miss Hallie Withers of York, South Carolina. Their three children are named Virginia Joye, Hallie Withers and David Elwood, Jr.

HUGH CHARLES HAYNSWORTH. In 1817, two years after the close of the War of 1812, William Haynsworth began practice at Sumter and thus established the firm of Haynsworth & Haynsworth, which continuously for 102 years has been in existence, has represented some of the finest and soundest legal talent and has been maintained by members of three generations of the Haynsworth family.

One of the present firm of Haynsworth & Haynsworth is Hugh Charles Haynsworth, a grandson of the lawyer whose name was inscribed on the Sumter bar in 1817.

Hugh Charles Haynsworth, whose ancestry on both sides came from England to America prior to the Revolution, was born at Sumter May 27, 1875, a son of William Francis Baker and Mary (Charles) Haynsworth. His father was likewise a lawyer and a member of the firm Haynsworth & Haynsworth at Sumter.

The son was educated in private schools, attended public school two years, and in 1892 entered Furman University where he was graduated A. B. in 1895. He was a member of the first class graduated from the Sumter graded schools. After leaving Furman University he taught school about nine years, at one time being principal of the Pendleton Street graded school of Greenville, again as assistant in a boys' high school at Montgomery, Alabama, and for one year was acting professor of economics and philosophy and for two years professor of modern languages at Furman University. EVIDENCE OF THE OYLER FAMILY IN AMERICA

The so-called old High Germans were the educated class of people and they spoke the correct German language while the "Low Germans" spoke the dialects of their various localities.

There were a great number of the educated class of people in the Baptist Congregation which originated in 1708 near Schuartzenan, a rough and rocky country in the vicinity of Berlenburg in Wittgenstein in the Palantinate of Westphalia.

The founder, Alexander Mack, a rich miller and landowner, and a few of his friends fled to Schuartzenan from the turmoil in Schrieshiem, Un Der Bergstrasse, caused by his teaching religion as it was taught by Christ in the Bible. Mack was the first to declare baptism by immersion in clear flowing water. This Schuartzenan congregation flourished and became numerous under the protection of mild Prince Henry. But at his death in 1720 they were again thrust out by the ruthless persecution of the Catholics, this time in the War of the Spanish Succession.

They escaped by the thousands into Westervain, West Freisland, Holland. In due course of time they departed for America motivated by the desire to escape the destructive wars, religious persecutions and oppressions of the tyrannical rulers. And too they had heard extravagant accounts of the opportunities in the promised land. They had the hope of religious freedom, peace and plenty in America. Thus we have the unparalleled example in history of the migration of an entire religious group. Many of them became known as the "Pennsylvania Dutch" because of their stay in Holland.

The journey to Pennsylvania for 110,000 Germans from 1727 to 1775 was very hard. It usually lasted from May until October. The Rhine boats had to pass twenty-six custom houses from Heilbronn to Holland. The officers took their time in examining the people, detaining them about six weeks so they would spend all their money. They were detained likewise in Holland causing them to spend nearly all they had. The second stage of the journey was to

an English Port, usually Cowes. In England the poor people were detained another two weeks. From there the ships sailed eight to ten weeks depending on the wind.

This stage of the journey was marked by great suffering and hardship. The people were packed together like sardines. They were not given proper food and water. They were soon subject to the diseases of scurvy, dysentry, smallpox and typhoid fever. The children died first. The passengers cried and prayed most piteously during storms and heavy gales.

Amongst the colony of thirty Baptist or Dunker families that emigrated from West Friesland, Holland, with Alexander Mack, founder of the faith, was the one of Conrad Oeller, a "High German." They sailed from Rotterdam on the good ship, *Allen*, James Craig, Master. Their last port was Cowes in the Isle of Weight. Leaving there 7 July 1729, they arrived in Philadelphia, 11 September 1729.

Conrad is listed by Captain Craig as Conrat Iller with four females, Margaret, Elizabeth, Maria, and Catherine. That he had two sons and another daughter there is ample evidence in the early records of Pennsylvania. Perhaps children under a certain age were not listed by the captain. Conrad signed the ship list as Coonrood Oellen or Oeller.

15 September 1729, Conrad signed the Oath of Allegiance at the Philadelphia Courthouse. Herewith is a transscription of his original signature of that date:

The name Oeller or Oellen or proper High German "Ouler"—one who hunts owls—is found spelled a number of ways in the early records of Pennsylvania. The ministers of the various churches usually wrote the name Eiler or Eular, while it is recorded as Eyler in the tax lists and land deeds. From about 1780 the family itself has consistently spelled their name Oyler or Oiler.

The earliest record of Conrad is found in Lancaster County land grants where he is given a warrant for 200 acres, 3 October 1738. His son, Jacob Eyler, was likewise granted 200 acres the same day. Their land was west of the Susquehannah River. Conrad had settled on his land about 1734. When York County was formed in 1749 it took in Conrad and Jacob's land.

From land deeds and marriage bonds the following family group has been compiled for Conrad Oeller or Eyler or Americanized Oyler.

FIRST GENERATION IN AMERICA
°VALENTINE OYLER I

Valentine the First, states that he was twenty-four at the time of a land disposition suit in 1746. This would make him a lad of seven when the family landed in America in the year 1729. His name is found throughout the early records of Lancaster and York Counties in Pennsylvania, viz.:

Valentine Eyler was Constable of Manheim Township in 1749, in 1751 he is supervisor and by 1755 he is Overseer. He is on the Tax lists 1762. According to the private records

of Jacob Lischey V.D., Valentine Eiler and wife, Apollonia, have a son, Johanse, baptized, 1 June 1746, a daughter, Margaretha, baptized, 11 February 1752, and a son, Elias Daniel, baptized, 15 February 1758. Apollonia appears as sponsor for the baptisms of the children of Fredrick Gelwick who is married to Valentine's sister, Maria. Elias Daniel Gelwicks is sponsor for the baptism of Valentine and Apollonia's son, Elias Daniel. This is significant in that Apollonia may be a Gelwick, Galuix or Gilbert.

She died between the years 1758 and 1776, for in 1776 Valentine and wife, Susanna, of Manheim, sold land which originally belonged to Conrad Eyler the First. Conrad had died in 1751 and his children sold their share of his property to their brother Valentine.

Valentine settled over in Menellan Township, in York County, for we find him there in the first census or taxables in 1783 listed as Valentine Oyler (note the name is now spelled Oyler) where he has 154 acres, 1 house, 1 outhouse, 3 horned cattle, 4 sheep, 3 inhabitants. Valuation 133 Pounds, tax 4. 5. 11. His will was probated 21 April 1790, in Menellan, York County, Pa.

From the foregoing and from various wills, deeds and records on file in Lancaster, York and Adams Counties, in Pennsylvania this family group record has been compiled for Valentine Oyler I.

°SECOND GENERATION IN AMERICA

c56 VALENTINE OYLER II

Valentine is pronounced Veltin or Feldin in the German. In the Revolutionary War records Felty Oyler, a member of the Fifth Class of the inhabitants of Menallen, York County, Pennsylvania, was classified under the Act of the Assembly, passed in 1780, entitled an act to complete the quota of the Federal Army. Each class was required to provide in fifteen days from this date, 30 January 1781, one able bodied recruit for the Continental Army, to serve during the war under penalty of 15 pound fine. No record whether Veltin satisfied the requisition. (*Class Lists; Young, Black Series, p. 173*)

There is no further record of Valentine Oyler II, in York County, other than being named in his father's will and in the will of Jacob Arndt as the husband of his daughter Molly.

43

Franklin County, Virginia, was formed in February 1786. It was settled largely by German and Dutch people from Pennsylvania. Moreover many German soldiers fought in the Revolution in this section and later returned to settle the land. Many of the early records of the parent's consent for daughters to marry are in German script.

Valentine Oyler was deeded one hundred and fifty acres of land on Gill's Creek near Benjamin Greer's land, 2 March 1789, by Skelton Taylor and wife, Sarah. Oyler Creek is mentioned in Franklin County, as early as May 1786, when the Court appointed a survey of the road from Shooting Creek to Oyler Creek.

The last will and testament of Valentine Oyler, Sr. was probated in Franklin County Court at Rockymount, 5 August 1825. He names wife, Mary M, and eleven children. It was a number of years before his estate was finally settled. It is interesting to note that his estate was charged eight dollars for the pine boards and labor of making his coffin.

This family group for Valentine Oyler II, and wife has been compiled from the Franklin County Marriage Bonds, 1830, 40 and 50 Census, Land Deeds and other early records of Franklin County, Virginia.

C56* MARY ARNDT OYLER'S LETTER 1825

Franklin, Virginia
December 13th, 1825

Dear Children:

I once more embrace an opportunity of writing you a few lines informing you that through the blessings of divine proivdence we are all enjoying common health, and hope these few lines may find each of you and the residue of your families blest with the same inestimable enjoyment—

It falls to my lot to announce to you the painful intelligence of your father's Death. He departed this life the 8th of November after an excruciating illness of ten days. He is gone and passed that journey from whence no traveler returns and the time may not be far distant whence each of us may follow him and embark from life's narrow isthmus into that dread futurity which borders on it— Death sooner or later is the invisible door of all Adam's progeny, none is so small as to escape the grim monster's notice, none is any so great as to meet with his favor and live forever— from the King to the begger all must bow to his all piercing arrow and be censigned to the dust from whence man was first taken.

Nor is death all for us as it is appointed for man once to die, so after this the Judgment— if Christ is our friend we shall be forever happy, if, not we shall be to everlasting punishment worlds without end—

Therefore Dear, very Dear children, set thine house in order for thou must surely die. Live today as you wish to die tomorrow, that when Death comes, you may be prepared and tender up your accounts with joy and not with grief.

Before your father's departure from life he made a will and left all the estate, both real and personal, to me during my life and when it pleases the Almighty to call me hence, it is to be equally divided amongst all our children. Your brothers John and Jacob

44

are appointed executors— We should all of us be glad to see and hear from you oftener, for the next pleasure to seeing you is hearing from you.

Corn is selling $2 to $2.50 per barrel, wheat at 67 cents per bushel, pork at $4 per 100— Tobacco in the Lynchburg market $5 to $11 per 100. Other articles in proportion.

Each of your brothers and sisters desires to be remembered to you and each individual of your families in the most affectionate manner. C568 My son David Oyler is living in the house with me. Lewis is living C56A on the same Plantation.

Write to us and direct your letters to Booths Store, Franklin County, Virginia. I conclude dear children wishing your welfare in this world and your everlasting happiness in the world to come. I remain your loving mother until death do us part. To Valentine and C562 Caty Oyler and Abraham and his wife.

THIRD GENERATION IN AMERICA

C567 DANIEL OYLER

Daniel Oyler inherited equally with his ten brothers and sisters plus seven dollars in his father's estate at the death of his mother. His father-in-law, Michael Crook, made out his property to Daniel on condition that he pay certain sums of money to Michal's other children and grandchildren namely: Mathias Crook, Tena Crook, Polly Crook Stewart, David Crook, Susannah Crook's children and Jacob Crook's children. Furthermore Daniel was to provide for Michael and his wife as long as they lived.

Michael Crook died just before September 1851 aged ninety years. Ironically enough Daniel Oyler died, probably suddenly for he left no Will, 5 November 1851, leaving wife and ten children, five of whom were minors.

1 April 1844 Daniel Oyler, being the highest bidder, had bought the estate of his father for $550.50 containing 180 acres.

FOURTH GENERATION IN AMERICA

C5671 AMMON OYLER

Ammon Oyler was a hard-working but gentle little man. He had lost the use of one of his big blue eyes as a youth. He was a fairly successful tobacco planter. When his first wife died he married Delilah Emily Turnbull. She is doubtless a descendant of George Turnbull, Esquire, or his brother, William. George was an early Justice of Franklin County, Virginia. He was named Trustee of Petersburg in 1762 and Trustee of Germantown in Franklin in 1792. He died about 1807, and his plantation and about twenty slaves were sold. The slaves brought $5833.33. Delilah's mother, Mary Snyder, was probably a daughter or granddaughter of David Snyder,

45

another early planter in Franklin County, who died 1812. Delilah was born out of wedlock and was raised by the Altic family. Nevertheless she was a proud woman and scorned the "poor white trash."

When the Civil War started, Ammon's brothers all joined forces with the Confederate Army, while Ammon, because of his bad eye, stayed home and provided for the women-folks, viz.: His mother, wife, and brother's, Orin and Harvey, wives and children.

Ammon and Delilah went broke during the war. They had to sell off their land piece at a time. When the war ended their darkies wept and pled with them to keep them.

Ammon was following the faith of his fathers, attending regularly the meetings of the Dunkards at the Oyler Chapel in Halesford, when he was introduced to the Gospel of the Church of Jesus Christ of Latter-day Saints by the Elders. He was quick to perceive the fullness of it and so migrated to Utah where he finished out his years. But he never forgot his Virginia Plantation.

subsequent contacts with Frederick Gelwicks, we summarize the three children named in his will:

i. Anna Elisabetha ("Anna Liza") married 17 September 1734, at Muddy Creek Lutheran Church, Lancaster County, Johann Philipp Schutz, son of David Heinrich Schutz, from Bischofsheim "in Erlich."[3]

ii. Elias Daniel, born about 1720, lived at Baltimore, where he was a brewer from 1748 on land his father bought, lot 27, from Charles Carroll of Annapolis, died in 1780, leaving few heirs.

iii. John George Carl, born 14 August 1722 at "Falkenstein," died 12 October 1796, at York, where he, too, was a brewer. With his wife Anna Barbara Spangler he had a large family, including Daniel (1755-1827), who owned a brewery and tavern on the square in Hanover which his father purchased for him in 1776.[4]

Maria Dorothea Euler, the wife of Frederick Gelwicks, was a daughter of Conrad and Anna Margaretha Euler, who do not seem to be on any ship list. Their family were:[5]

C5 i. Valentine, 1717-1790, farmer of Manheim Township and later Menallen Township, now in Adams County.

C4 ii. Jacob, carpenter, of Manheim Township in 1763.

C3 iii. Anna Barbara, married at Conewago 19 September 1740, Frederick Kreuter, in 1763 of Frederick County, Virginia.

C6 iv. Elisabeth, married "Lawrence Schepp;" in 1764 on the Atkin River in North Carolina.

C2 v. Catharina, married at Muddy Creek 9 March 1736, Jacob Verdrigs, i.e., Verdriess, in 1763 of Frederick County, Virginia.

C1 vi. Maria Dorothea, married Friedrich Henrich Gelwicks.

Like the Bernitz family, the Eulers were Lutheran. The name was pronounced in the dialect with a long i sound, and as a result some descendants have written it Eiler or Eyler. On the

other hand, the exact German pronunciation would have been Oyler, as many other descendants write it today.

The first child of Frederick and Maria Dorothea Gelwicks was baptized at Trappe in February 1734, but the second, third, and fourth children were baptized at Muddy Creek in northern Lancaster County between 1736 and 1739.[6] Apparently at least some of the Barnitz family and some of the Euler family spent time at Muddy Creek, as well, but Conrad Euler warranted land in Conewago on October 3, 1738,[7] and the Barnitz and Gelwicks families also settled there, perhaps in the spring of 1740. Conewago was a settlement in a badly disputed area claimed by both Pennsylvania and Maryland. Leonhardt Barnitz and his sons presently left for York, which was laid out in 1741, but Conrad Euler and his sons settled on his 200-acre tract to which there were no patent deeds until long after Conrad Euler died, about 1751. Beginning in 1763 the heirs sold their rights to the tract to Valentine. Just where the Gelwicks family was living in this time is uncertain, but on 19 May 1752 Frederick warranted 147 1/2 acres on the northeastern border of the Euler land,[8] and he also held a tract in Manheim Township which he warranted June 8, 1762 and surveyed May 20, 1766, the interest paid to 1 March 1744, possibly the date he took it up. This tract adjoined his first, though not contiguously.[9]

No contemporary record cites an occupation for Frederick Gelwicks other than "yeoman" for this period, but there is a strong clue on the first page of the records of the Conewago Lutheran congregation, of which Frederick was an officer as early as 1743, for in 1744 The Reverend Lars (or Lorenz) Nyberg, pastor in Lancaster, recorded that Frederick Gelwicks "promised to serve the congregation until the preacher from Sweden arrives." The service he would have rendered was probably performing emergency baptisms, reading sermons, and "coordinating" the life of the congregation. Similar service was provided in other situations by the parochial schoolmaster, a calling Gelwicks may well have had. Three baptisms which occurred in August 1745, one in May 1746, and one in September 1748 are entered in the register in Gelwicks's handwriting. They may have been performed by him, but we also know that he entered the names, birth and baptismal records of all his own children and also of those of a neighbor into this book, so that he may have been only the recorder of those in 1745, 1746, and 1748. On June 8, 1762, Gelwicks and Nicholas Bittinger warranted the land on which the Lutheran Church had stood, located on Third Street in Hanover today. This was the same day he warranted a tract for himself. The subsequent, complicated history of the church tract cannot detain us here. He also entered a list of fifty names of contributors to the church land ("Parr land") in Conewago, into the church record, probably in 1764.[10]

His account book shows us that Frederick Gelwicks was frequently involved in the affairs of the church, for he had regular dealings with several Lutheran pastors and collected the offerings of members or saw that they were paid. Moreover a number of times he sold people a Namenbuch, the primer, used to teach reading in the Pennsylvania German schools. They may have been left from the time he was teaching.

In 1756 Frederick Gelwicks was elected treasurer of York County, which had been erected in 1749. He was the first German to hold the office, which demanded obviously the ability to read and write and to communicate in English. In the account book there is laid a memorandum to George Stevenson, a prominent early York County official -- register, recorder, prothonotary, clerk of the courts, and chief ranger from 1749 to 1764 -- trying to swap support for Stevenson for sheriff in return for his endorsement of Gelwicks for commissioner in 1765. Nothing came of this attempt apparently.[11]

Undoubtedly, Gelwicks and his family also farmed the 147 1/2 acres which he patented as "White Oak Level" on 28 August 1761.[12] There are references to farming activities in the account book. These include the harvesting of crops -- a chore in which women and girls also labored -- and the sale of farm-produc commodities. A day's wage for farm work appears to have been about 2 shillings, 6 pence -- about what Gelwicks charged for the labor on a pair of shoes.

Frederick Gelwicks was also a shoemaker. This was undoubtedly a part-time occupation filled in seasons when the farm work was not demanding. As a shoemaker, Gelwicks went to his neighbors to mend old shoes and make new ones. Sometimes the customer provided the leather and other components, but when Gelwicks provided it, the price of women's and children's shoes was less than an adult male's, since the amount of leather used and not the labor invested was the variable in determining the cost. Where a man's shoe might cost eight shillings, a woman's would range around 6 and a child's from about 3 to 7. Occasionally Gelwicks made boots and a kind of houseshoe or slipper, especially for women; and tantalizing references to caps and a pocketbook suggest that he was capable of more. Shoes were one item of clothing which the family could not produce itself and they were expensive enough that they were mended and mended again.

Frederick also created a still at the large spring on his farm before 1760, when this account book was opened. Like many other Pennsylvania Germans, Gelwicks learned that grain was worth more in the form of liquor and that it was easily marketable that

way. The variety of beverages he produced suggest that he was fairly advanced in his skill -- and the large quantities the neighbors bought are evidence that only the temperance movement of the 1830's partly diminished the drinking of home-made rye whiskey among the Pennsylvania Dutch. Among the purchasers of Gelwicks's product were persons who held tavern licenses and could sell whiskey by the glass, but others purchased for domestic use, such as at house or barn raisings and funerals, and for consumption in the harvest fields. The various beverages are listed in the glossary and defined there. Naturally simple sweet cider cost only a few pence a quart, but Gelwicks's Gassel (a cordial?) was the most expensive item produced at a shilling, 6 pence a quart. Brandy, rye and applejack all cost about 9 or 10 pence a quart.

As has been suggested, account books reveal a great deal about life in the community from which they came. Among others, the Gelwicks account book mentions gambling, lotteries, the use of snuff and fairs -- all of which became sins of one degree or another in the nineteenth century -- the terms of an apprentice and what he cost his master, the fees charged a boarder, the variety of currencies in use, and the sale of six ducks to Pastor Baugher a few days before Christmas in 1768, some of which no doubt ended up on the parsonage table for Christmas dinner that year.

Perhaps the most interesting page in the book is the agreement concluded between Gelwicks and Peter Keplinger in April 1780 renting the farm to Keplinger, who subsequently bought it on 19 August 1780. Schott Scheier are mentioned there, a rare form of grain storage known as barracks in English; as is the Bastert, a colorful Pennsylvania German term for poor, scrubby, wooded pasture.

During the American Revolution, Frederick Gelwicks was a loyal American. With his son Charles he was on the York County Committee of Safety. On 8 November 1779 he was appointed a commissioner to collect arms and accoutrements, blankets, woolen and linsey-woolsy cloth, linens and shoes and stockings for the army from inhabitants who had not signed the oath of allegiance and abjuration or who had aided the enemy. Several sons served in the revolutionary army.[13]

About the time of the Gelwicks-Keplinger lease, Frederick and Maria Dorothea Gelwicks must have moved into Hanover, the town established in 1763 nearby (and mentioned in the account in 1764 as the stadt Hanover), where he purchased a lot on Baltimore Street. His son, Charles had been living there as a shoemaker and later tavern keeper since 1764; and Peter, another son, occupied a house almost directly across York Street from Charles's which his father C1*
owned. Frederick Gelwicks died in Hanover on 8 April 1783, his wife

following him on 15 May 1785.[14] They were probably buried in Hanover's only cemetery at the time, that at the German Reformed Church.

C1* Frederick Gelwicks wrote a will on 20 March 1783, stating that he was "aged and sickly," in which he left his widow the right to his dwelling and such furnishings as she desired. Upon her death the entire estate was to be converted to cash and divided among the children, but oldest son John Frederick was to receive in addition, as his primogeniture benefit, the things that had already been given him, all of which are carefully recorded in the records that follow. The executors were his son Nicholas and his son-in-law Philip Meyer.

An inventory was made 5 May 1783, but since neither shoemaking equipment nor the still are mentioned, it is obvious that Frederick Gelwicks was retired. The distillery had been sold to Nicholas, as several references in the accounts below make clear. The widow selected her basic needs, including the Bible and a "litle flowert chest" worth 7/6. Final account in the estate was filed in May 1786. The house and lot in Hanover were sold to George.

Frederick Gelwicks's accounts are in a book 31 1/2 cm by 19 cm, which now contains 105 pages (numbered in square brackets below), although some others have obviously been cut out at one time or another. The book was intended for use by the son George Carl (Charles), for whom its title page was lettered, probably by a local scrivener in 1760, but the reverse of the title page says "Friederich Gelwicks's writing book," and the remainder seems to be in his hand except for a few entries in another, which (to judge from the signatures of the heirs in the book) is in fact Charles's. The book came into the possession of Henry Wirt, a local historian in Hanover, who was a descendant of Charles through his first marriage. Henry Wirt's wife was a Forney, and upon her death this (and many other valuable documents) were taken to the barn of the Forney house on Frederick Street in Hanover, where G. Benjamin and Helen Forney Howells found it many years later. Mrs. Howells has very kindly brought the book to our attention, allowed copies of it to be made, and now given permission for its publication.

Johannes Euler

(1746-1806) was a son of Valentine, whom see, who eventually acquired ownership to his father's lands. Johannes married 19 December 1771 to Susanna Wirt (1751-1790), by whom he had 9 children. He married second 18 November 1792 Christina Housen, by whom he had one daughter.

C5

Vallenthin Eiler (Euler, Oyler)

(14 December 1717-10, April 1790) was a son C1* of Conrad Euler, and therefore a brother-in-law of Frederick Gelwicks. He purchased his father's farm (or more accurately the rights to it) from the other heirs and apparently lived on part of it until about 1776, when he moved to the neighborhood of Arendtsville C52 in Adams County and turned part of the farm over to his son Johannes C5* and sold the rest to Christian Herr. His first wife was Apollonia, but his will identifies a wife C5+ Susanna, who may have been the mother of some of his children. There is a reference to whiskey "for the funeral" in Valentine's account, in January 1762, which may have been for Apollonia's burial, although he did have a wife mentioned in September. His children:

C52 John, 1746-1806
C53 Magdalena, 1747, married John Etzler
C54 Frederick, wagonmaker in Hanover
C5A Margaretha, 1752. Not in will
C56 Valentine
C51 Jacob, 1756-1807, married Barbara C51 * Arndt, 1763-1839
C5B Elias Daniel, 1758-d.y.
C5C Eva, not in will
C57 Catharina, 1764-1837, married Peter Arndt, 1756-1836
C58 Mary, 1767-1851, married Peter Keckler, 1765-1852 FACKLER ?
C55 Christina, married Peter Lind HIND ?
C59 Susanna

Nicklas Emig

arrived with his father Hans and mother Dorothea on the John and William, 17 October 1732, together with Johannes and Jacob (S-H, I 102). He lived at Lancaster, where he and wife Eva had children

baptized at the First Reformed Church, but was taxed at Manheim Township in 1772. In 1783 he was listed as a nailer, there. In 1795 he was on the Germany Township, now Adams County, list.

Peter Erhart

arrived with a Dietrich Erhart on the Phoenix, August 28, 1750 (S-II, I, 440). He is on the Paradise Township tax lists in 1762 and 1769, but must have moved away.

David Franck

(d. 1785) was a passenger on the Shirley with George Blintzinger in 1751 (S-H, I, 454). He resided in Manheim Township. Upon the death of his wife Annamary, his estate was to go to a friend, Michael Carl, whom see, since there were no children.

Hannes Gerber (Garber, Carver)

(d. c. 1805) was probably a son of Nicholas Gerber who bought 100 acres adjoining Gelwicks's farm from John Stinchcomb in 1744. His children named in his estate papers:

Anna, married Henry Boyer
Christian
John
Elisabeth, married Peter Schultz (but she must have married a Bucher first, because her first son Adam Bucher is named in the will)
Nicholas
Magdalena, married Godlieb Himman
Mary, married John Boyer
Samuel
Barbara, married John Reier

Balzer Gieg

arrived on the Neptune, September 24, 1753 (S-II, I, 540) and is mentioned in the records of the Lutheran congregation at New Holland in the period 1766-1769. He must have resided in Hanover or nearby for a short time.

Dear Bob:

The program by you and your men last night was great' not only from and inspirational viewpoint, but from a colorful and showman like work.

Dorothy and I had invited a friend and his wife to attend, Mr and Mrs Jack North, they are both musicians, plus Jack writes music and has it published for churches.

Jack kept saying during your presentation"this is fantastic, what a great show" He also said that he must write some music for men's groups like yours.

I am glad that cousin Earl Oyler and his wife Janet could come from Taylorville, which is about 28 miles Southwest of Decatur, as you know he is quite a musician himself.

Jim Sweeney told me this morning, that there was about 75 visitors present and about 125 of our own people. I notices several of the local visitors were from the Pilgrim Lutheran church here in Decatur, and several from Bethany Ill, small town about 20 miltes Southeast of Decatur.

Bob I went to the office and copied off, some of the information out of my Oyler material, concerning our immigrant ancestors, and left it with Jim Sweeney for you.

Again Bob I thank you and I know our church thanks you and your men.

May the Lord Bless you All in your work'

Sincerely

P210 Under 3H 37 Mr 8 1824 Salome Eiler the same as above.

The balance of them I would just be guessing more than I have now as to whether they are our relatives or not.

At any rate this is the most complete records I have received to date, I have seen some of this in Dr John Eiler's book, and some information I have seen in the Penn Archives

Lets hear from you again, and again thanks, and I will let you know when I can see yo in Chicago.

Dear Bob:

Thank you so much for your welcome letter' I will have to tell you later when I can see. As it seems to me, sometime when I come to the Chicago area I can contact you and see you then.

Regarding the copies of the material send you by your cousin Wigle, I have seen some of this, but a lot of it I had not seen so I appreciate getting it, and of course I am wondering if the people are related.

I can say that D308, F508, F509, F510, F511, F512, G38, appear to be our relatives, but am not sure about the balance.

You mentioned your church is observing your 100th anniversary, great' OUr church is in our 145th year. We recently had an attendance contest in your Sunday School for September and the adult class that I teach had about 50% increase for the month over last year. We had two high Sundays, 50 on the second Sunday and 56 last Sunday.

Fortunately our Church attendance is coming along with a nice increase too. As you may know we have a new minister as of last March Dr James McIntosh Jr, and Jim Sweeny is our music and Christian education man.

We have a program that works real nice on every 5th Sunday which occurs every 3 months. A Singspiration at one of our 7 American Baptist Churches in our small cluster. Decatur First, Moweaqua, Odd Stonington(country church) First Stonington, Taylorville, Nokomis, and Bethel(another country Chruch)

We has about 240 attend last Sunday night at Old Stonington, the Country Church about 4 miles in the country from Stonington Ill.

Our program is congreggational singing led by a vigorus song leader, with piano and organ accompying. Each church brings a special number, which is followed by 3 or 4 congregational songs for about an hour. Then we all retire to the fellowship hall for cookies and coffee.

The old church at Old Stonington was packed with the 240 people.

Again thanks so much Bob, and keep in touch, and we will eventually get together. I have about 600 pages of material that I have gotten from relatives like you, and I have tried to place them under their various family heads such as Jacob Iler1718-1790, then I have you and Dr John Milar, and Valentine Cyler 1754-1825 our line.

OYLER,EYLER, ILLER, EILAR, EULER, FAMILY IN AMERICA
SINCE SEPTEMBER 1729

Conrad Oyler, born about 1675-1695 in Maar, Hessen, Germany,came to America in September 1729, with his wife Margaret and 6 children.

Their ship the "Allen" docked in Philadelphia, the passenger were mostly members of the Old Order of German Baptist, or Dunkards, or Church of the Brethren. Their pastor the founder of the church was on the passenger list, Alexander Mack.

Conrad purchased land in 1738 in Manheim township, York Co Pa, his daughters were married in that area, according to Egle's Notes and Queries.

c5

After he died in 1751, his youngest son Valentine(my ancestor) purchased all of the interest of his brother and sisters, which was completed about 1760.

c5

Our family branches from Valentine the youngest son, born in 1722, his son(my ancestor) Valentine after marrying in Penn, moved to Frederick Co Maryland early in the 1780, where my great-great grandfather Frederick was born about 1785(this is shown in two federal census the 1850 and the 1850 for Marion Co Tenn. 566

c56

The second Valentine, moved from Frederick Co Maryland to Franklin Co Va about 1788, where he bought property near Gill's Creek, or Burnt Chimney, and several more children were born in Franklin Co.

Several of the children married in Franklin Co as noted on their marriage records including my great-great grandfather Frederick and Nancy Cochran in 1808. They had two children in Franklin Co, than moved to Marion Co Tenn, about 1813, where several more children were born.

c566

Frederick and his brother in law John Dame came to Tenn about the same tim e, they both served in the war of 1812, Frederick received a land grant in 1855 for service for a few months in 1815.

Frederick at one time owned about 1600 acres of land in Marion Co Tenn, there are several probate court records available in Jasper the County seat. Nancy his wife died between 1850 and 1860 as she was mentioned in the 1850 census, but another wife mentioned in 1860.

c5664

My great grandfather D, Daniel Oyler was born in Marion Co Tenn in 1816, he married Jemima Smith from Kentucky about 1835, they had one son John in Marion Co Tenn, than about 1836 the family moved with Daniel's younger brother Andrew to Dekalb Co Alabams, this appeared to be right after the Cherokee Indians were forced to move to Oklahoma.

c56646

My Grandfather James Monroe Oyler was born in Ala in 1843, part of 14 children. During the civil war, he and 4 brothers plus Daniel their father all served in Company H, Georgian 21st Vo Infantry.

After the war, three brothers, Smith, James and Andrew moved to Christian co Ill

October 19, 1983

I pondered whether I should write something of my life. Some say that we should especically for our family, as they may appreciate knowing how we feel and reacted to different problems that have arisen in our life.

At any rate I have decided to write something about myself and background.

I was born on my grandparents farm about 3½ miles North of Taylorville, on February 26, 1914. My parents Lewis Daniel and Elsie Lee Oyler lived with my grandparents James Monroe and Mary Elizabeth Oyler for the first 8 years of their married life. My father and grandfather farmed together, and this helped my grandparents as they were getting old when I was born.

I suppose that one of the things that got me started in family history, was my grandfather used to tell me when I was a small boy about his life in Alabama when he was a boy at home. He had 13 brothers and sisters, he also told me quite a few storys about the civil war. He and his father Daniel, and brothers Frederick, Smith, George, and Gilliam were all in the same company H of the 21st Georgea Volunteer Infantry.

After the fighting was over and Lee surrendered to Grant at Appomattox, our great uncle Smith Oyler was the first to come to the Taylorville area, and then grandfather James and great uncle Andrew came about 4 years later in 1869.

My grandmother Oyler came to the Taylorville area with her father and mother and several brothers and sisters from Anderson County Kentucky about 1857. Her father was Jerimiah Watts, and her mother's maiden name was Hodgen.

My mother's father was John W Vaughan who came to Sangamon County with his father and mother and brothers and sisters about 1869 from Nicholas County Kentucky. Later they moved to Christian County.

My mother's mother was Alta Mae Clark, daughter of Samuel Clark, who was a Union Veteran from a regiment formed in St Clair County Ill in 1862.

I am the oldest of 7 brothers and sisters, their names and year of birth are: Monroe 1914, Dolores 1915, twins Paul and Pauline 1918, Robert 1926, Harlow 1927 and Dwayee 1931.

My father and mother rented an additional farm about 3/4th of a mile West of my grandfathers farm, and we moved there when I was about 8 years old. My father continued farming grandfather's farm also.

When I was young the farm work was difficult, as most of it was done by hand and power was provided by teams of horses. I learned quite a bit about mowing weeds, building fence repairing roofs, broken gates, windows greasing axles on wagons and buggies, learning to harness horse , keep them clean by currying them, how to milk cows, feed hogs and chickens, hoe in the garden, clean out the barns, pump water for the livestock, mow clover or timothy to be dried for hay, and put it up in the barn to be fed to the livestock, how to shuck corn, cut wheat, help thresh wheat and oats, butcher hogs and cattle for our own consumption. Many tasks on the farm, which was good for us physically, and gave us plenty of exercise.

All my brothers and sisters attended the little one room country school, called "Sharp's School", and so did my father.
We used to enjoy the monthly PTA meetings, where every one brought "Pot Luck" and this followed with short business meeting, then sometime of program. Many times we students, and even the parents helped put on plays, which many of us enjoyed.

My father and mother had never attended high school, and I suppose their parents had not done so, because we were a rural farm community and parents generally believed it was not necessary for childrdn to go to high school or college.

At any rate my mother insisted that I go to high school, so I attended Taylorville Township High School for 4 years and graduated in 1931.

The courses I liked best in school, were english, drawing, history, and being in plays. I participated in 2 plays while I was a senior, I also was on the track team. The event I liked was the quarter ofmile and the half mile run. I won a quarter mile and placed 3rd in a half mile during my senior year.

After graduation, I helped my dad on the farm, and one of the important jobs we had due to poor economy of the 1930s was we had to cut wodd to heat our house and fire the cook stoves. This required going to the timber about twice monthly to cut down trees, and bring them home where we would cut the limbs up with crosscut saw and split the chunks with the ax.

My grandparents on both sides were Baptists, so my mother took us children each Sunday to Taylorville to the first Baptist church. There I accepted Christ as my Saviour when I was age 13 during a revival. I have always been active in the Baptist Church ever since. Dorothy and I have moved our membership several times as we moved about the country while I was employed by Swift & Company from 1939 to 1961.

About 1932 I begin working in the coal mine at Langleyville Ill. This mine was owned by Peabody Coal c ompany and was called #9. I worked there from 1932 to 1939. During that period we rarely had a full weeks work due to the poorsale of coal. I also had my right finger crushed in an accident at the mine about 1936 and it was necessary to amputate the finger, and I lost about 4 or 5 weeks work.

In 1933 I met Dorothy Louise Krieger from Stonington Ill, she had just graduated from high school. So she and someof her friends came to Taylorville a distance of about 10 miles to attend the movie. There is where I met her the first time. Later about one or two weeks, she was visiting in Taylorville with her cousing Vivian Foster. They came to First Baptist Church the next Sunday morning, and I met Dorothy the 2nd time. That afternoon, many of the young people would go to the public square in Taylorville and walk around the square to meet their friends. Dorothy's counsin introduced us, and we started going together that spring in 1933 and continued until next spring 1934 when I accompanyed my future mother in law Minnie Krieger, her son Kenneth and Dorothy to Burlington Iowa to visit family.

There is the place Dorothy and I were married, with the blessing of her mother, we arranged with Dorothy's Aunt Lean Moehn to have her minister marry at the Walnut St Baptist Church in Burlington. Since we were so poor, we decided not to announe our wedding until later. When I got home

we told our remaining parents what had happened. Naturally they were unhappy, because we had not asked their advice before marriage. So after a month of staying at home with our own parents we decided toannounce our marriage, and I moved in with my inlaws Augustus and Minnie Krigger at their home about 3 miles Northwest of Stonington, in Christian County.

For about one year I attended Dorothy's church, the first Methodist in Stonington, but after awhile I decided to go back to my own church the Baptist Chruch in Stonington, which Dorothy joined later.

During this time I was trying to get another job where I might improve myself, and I thouhht Saleswork, might be the field. I had sold some items door to door for awhile, to get this idea. So then I tried to get a sales jobe with 3 different companys: Taystee Bakery, and A E Staley Co both in Decatur and Swift and Company in East St Louis Ill.

Finally in 1939 Mr P J Wright who was a poultry and egg buyer for Swift & Company Dairy and Poultry Plant in Decatur, stopped by our home West of Stonington where Dorothy and I and our son Gene Kent who was born March 18 1935, and asked Dorothy if she thought I might be interested in taking his place as he planned to retire. Dorothy said she was sure I would be interested.

So the next day, I was not working at the mine, I spent with Mr Wright in calling on his farm customers to buy their poultry, after I did this for awhile, he talked to me more about Swift & Company and wanted to know if I thought I would be interested. I said "Yes" so he arranged for me to go to Decatur To meet Mr H C McCracken the Swift Plant Manager for anInterview, which resulted in me resigning my job at the coal mine and starting to work For Swift in September 1939, shortly after our 2nd child Linda Louise was born July 3 1939.

We then moved to Stonington from the house we rented in the country where I could better handle the new job with Swift. We remained in Stonington until may 1941, then we moved to Arthur Ill where I bought sweet cream from the Amish settlement in Arthur.

Later we moved to Decatur where I started selling poultry, butter, eggs, and cheese to the stores and restaurants in Bloomington and Champaign. Sometime later I was transferred to a new job"Student in Training for Management" which I spent about 1½ years. Then subsequent moves were to Jacksonville Ill, Chicago, back to Decatur where our son graduated from Decatur High School and enlisted in the Marine Corps, this was a change in our lives.

We were moved back to Chicago, then to Paris Texas, where I daughter Linda started attending college at Denton Texas, North State Texas College. Later I moved back to Chicago and Linda went along with us and begin her nurses training at Presbyterian-St Luke's School of Nursing.

Finally we were moved to Greensboro North Carolina where I managed a chicken and turkey hatchery for Swift and Company at Kernersville N C this is near Winston Salem. After 21 years with Swift I decided that moving was too much and I wanted to work at something for myself where I could stayy in one place for life if I wished.

So in July 1961 I resigned from Swift and Company and Dorothy and I moved back to Decatur. By this time I was age 47, and I was starting over in the insurance business. Well it had been several years of mostly enjoyable work, helping people plan their protection for their families and creating retirement plans for themselves. I managed to qualify for a CLU designation which is awarded by the American College of Life Underwriters for passing tests in social security, banking, law, accounting, pensions, estate planning, which took me 7 years to complete. In the meantime I was president of the Decatur Association of Life Underwriters I help organize an estate planning council, made up of CLU and CPA, and bank trust officers and attorneys, and was president of it one year.

This is the first full year that I have retired, so I can spend more time on oil painting which I took up 5 years ago, and work on my family history which I have now accumulated about 800 pages of material on the Oyler family.

One of the additional reasons I got more interested in family research, was our family begin in 1928 until 1954 having reunions each year. At these reunions a record was kept of who attended, deaths, marriages, and births during the year. Further more two of my cousins in Taylorville Eldon Poor and Darrell Hamilton had been to Alabama doing some research on our family. with these helps I got started.

another big help was from the book written by Dr John S Eilar on the Oyler family he covered the early years of our ancestors when they came to Penn in 1729. Seveal other family members have contributed much to what I have.

In summary, here I am almost to reach age 70, this coming year will be Dorothy and my 50th wedding anniversary April 2, 1984. We are in good health, have enough to live on, lots of interesting hobbies and above all Christ to live in our lives and to set the example for us to live by, so I am very happy.

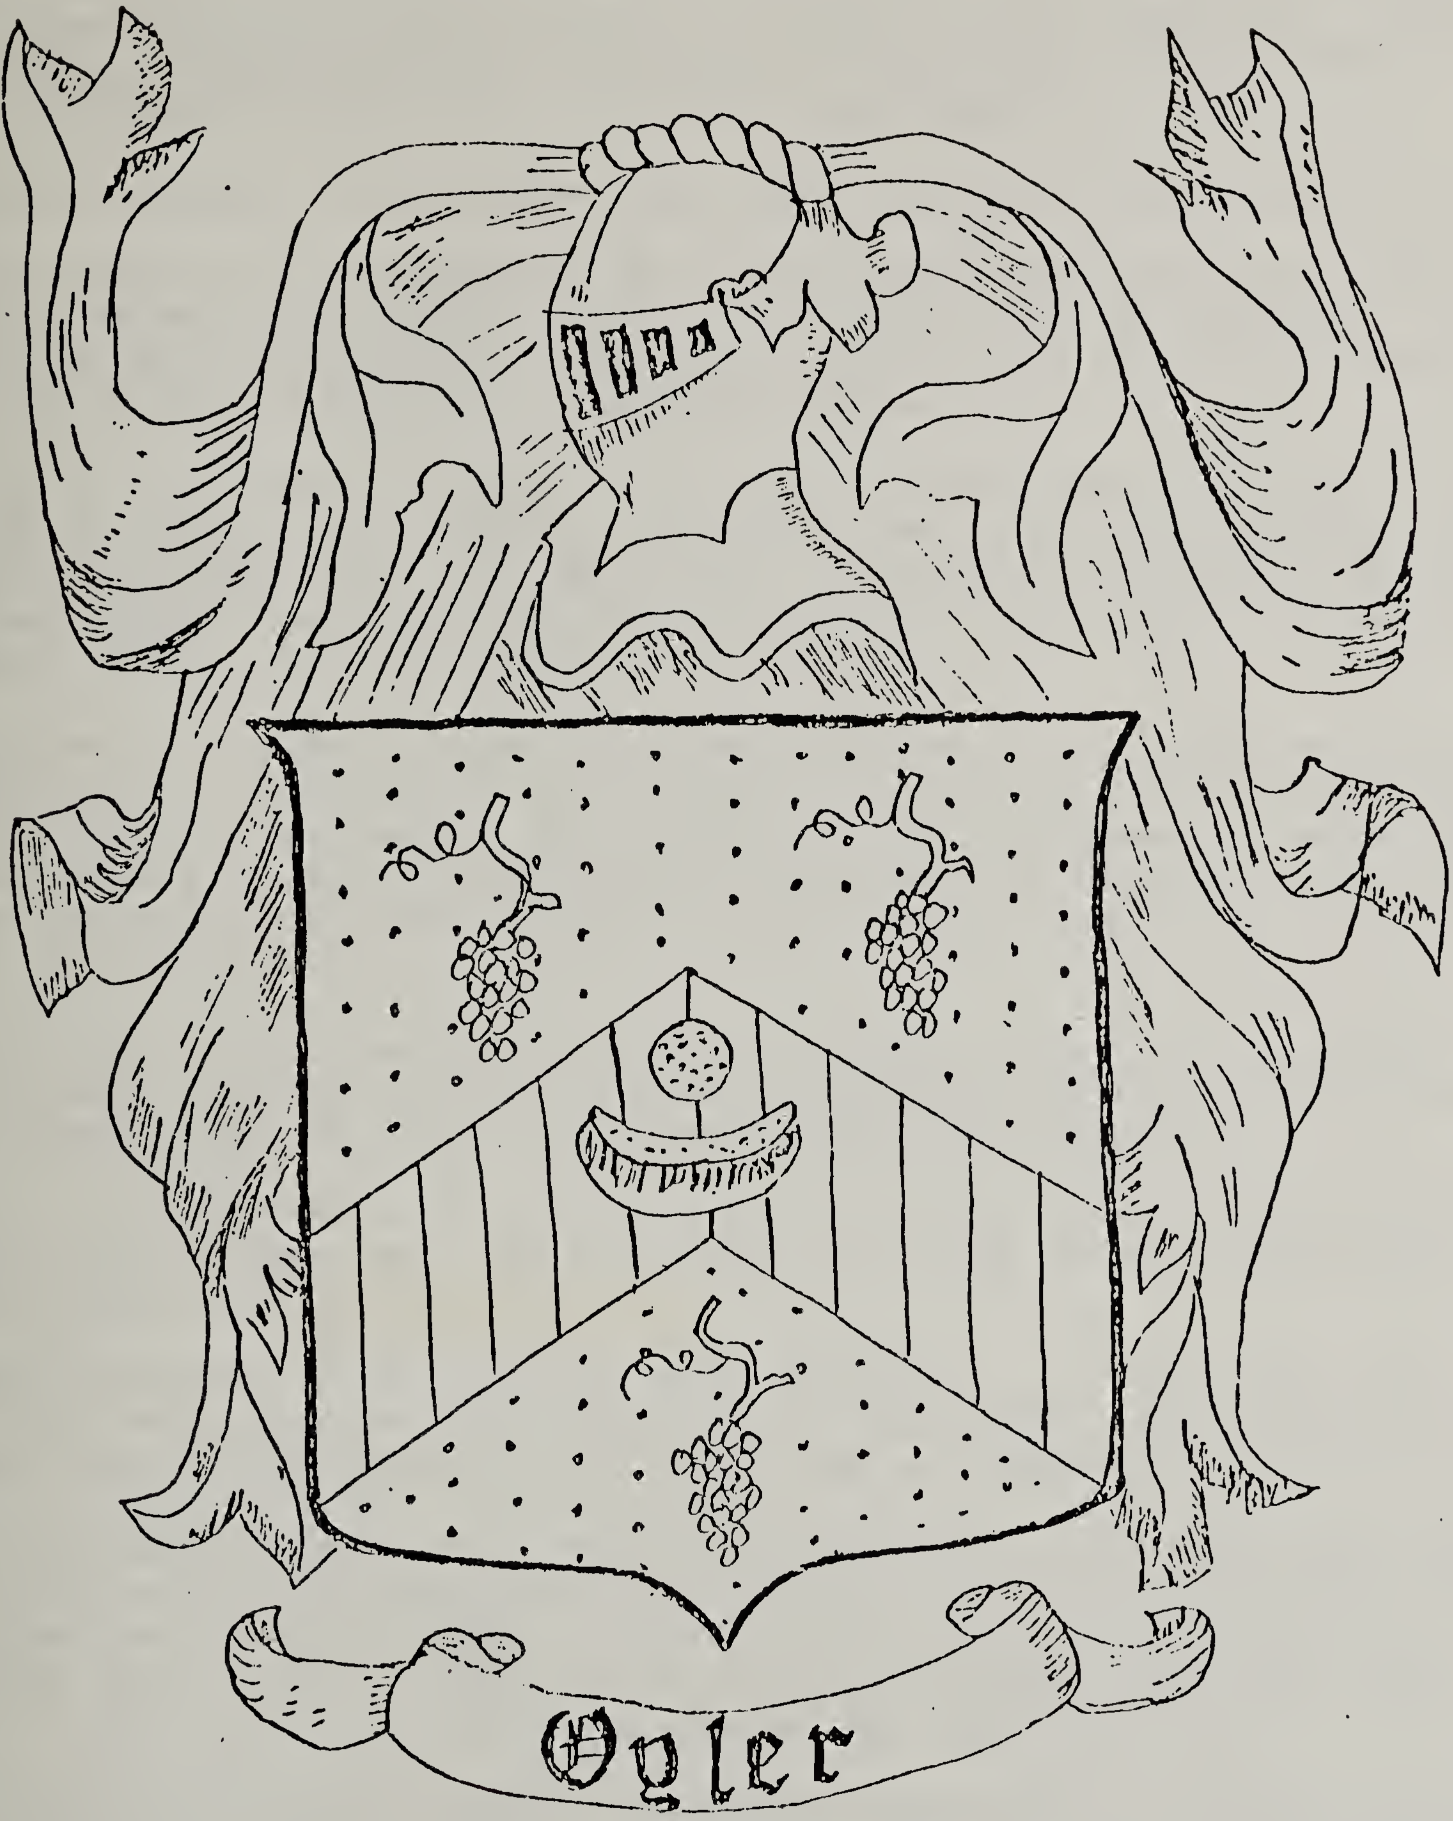
Oyler Family Tree



Coat of Arms--Gold and red chevron charged of one crescent of gold and accompanied by a gold coin, between three black bunches of grapes.

Surname- occupational -- " one who made and sold oil"

Other spellings— Oil, Oils, Oyle, Oyles and Euler.

EULER, EILAR, ILLER, ILER, OYLER, OILER, AND OTHER SPELLINGS OF THIS FAMILY IN AMERICA

Our ancestor came to America, with his family, on the ship "Allen" on September 11,1729. Records of the Church of the Brethren, show he was a member of this church, and their pastor and founder of the church, Alexander Mack was one of the passengers.

Records show Conrad also signed the Oath of Allegiance at Philadelphia.

Dr John S Eilar of Albuquerque NM, Cleo Griggs Gilchrist of Boise Idaho, and others have done quite a bit of research, on the original family. What I show here is largely from their work, plus what was done by Mrs Leslie Norman Schorn of Tulsa Oklahoma.

I find on researching the Oyler name as spelled here, in the telephone directories for all the states, covering the principal cities, there are about 650 Oylers listed. In addition I checked the records of immigrants to Philadelphia from 1729 to 1805, and there are about 8 more Oylers came over, with spelling similar to ours.

We feel that our family came from Maar parish, near Lauterback, Hessen West Germany. We find about 20 Oylers listed in a recent telephone directory from Lauterback. Ned Oyler of Eagle Colorado, recently had a friend of his stop in Lauterback and interview some of the Oylers(spelled Euler in Germany). Church records there indicate that the family goes back to about 1400.

There is a crest of the Oylers on the church wall in Maar, and I have included here further ahead a letter from Karl Euler, a retired Major in the German army who has been researching in Germany.

There is some confusion about the date of birth from church records in Maar, but it appears that Conrad Oyler was born between 1675 and 1690, and his father was Michael Oyler.

Our Conrad brought with him his wife Margaret____, have not been able to find her maiden name and sons Jacob, Valentine, and daughters Elizabeth, Maria Dorothea, Catarina, And Anna Barbara.

No one has been able to find the sons listed in the ships passenger list, however the girls and Margaret were listed, but later evidence shows when Valentine begun buying his brother and sisters interest inhis fathers land after his death in 1751, that the boys would have been born in Germany, but their names did not appear on the ship list.

I have tried to include family lines for all Oylers I could get acquainted with, from the first family of Conrad's down to the present day Oyler or other family member.

Dear Monroe:

A friend of mine spent a month in Germany. He came from a town about 60 miles from Maar or Lauterback, and he spent 2 days there doing researc for me, on our Oyler family. The people there met him with open arms, One person is compiling a book on what happened to the Oyler families that left for America. This person has researched our Oyler line back to 1447. It is all drawn out ona cloth the size of a bed sheet.

The parish where Conrat Euler was christened in 1697(other records show him born in 1675), has been reparied and rebuilt a number of times, but they have records of it being there since 1266, and suspect it dates back another 600 years. It was last rebuilt after the war in 1946. In 1970 a young priest came and 8 years ago it was repainted.

The priest had the foresight to photograph all the crests(coat of arms). The crests were located on the panels as marked on the enclosed picture of the interior of the church. A colored enlargedment will be sent to me in the future.

The family tree mentioned above , will be taken to an Abbey and have a print made of it, since they have the means of doing this on a large document, this family tree takes the Euler family back to 1447.

This friend brought me back a book of the history of Maar, but it is in German. If you feel that you could get it transalated, maybe I could get it zeroxed, about 140 pages. It tells how the people would mortgage their land and lose it to Heir Hessen. It also tell how each family would give their children portions, and in 1706 a law was passed forbidding this. It was ignored until 1714 when it was enforced. After this the young people left in large numbers, since they could not own land.

I have enclosed a page from a current phone book, showing the Eulers listed.

Karl Euler is a retired army major, his son is an english teacher at the university. The last day there my friend was taken to visit Karl Euler who had done a lot of research and is thrilled to hear from us since we are writing a book on the Oyler family tree. Karl is also writing a book on theEUler family tree, and it lists 4 different Oylers leaving there for America. He wants to add into his book what has happened here.

The priest is very anxious for contact and by working through this german friend of mine, who will be visiting there each year(Maar area) I believe we might have something.

I will send you copies of the pictures that are coming, plus snap shots taken.

We are going to Utah for a family reunion on July 18, 1981. The priest will be back on July 27, 1981 and we hope he will get the crest and fami tree to us soon after that. I will also send you another group of my family sheets soon, but I believe what I have here is worth waiting a little while, for it to arrive from germany. I will share it with you, when your book is finished, I'm sure we will want quite a few of them.

This letter translated from German in December 1981, the letter was written November 4, 1981 by Karl Euler of Lauterback Germancy

Re: Your letter of November 9, 1981 Family tree Euler from Maar.

I'm glad to discover a distant cousin in the USA. The family tree in my possesion was compiled by my uncle in Maar and my cousis Ferdinand Euler, was was a parson in Erfurt from church records in Maar and Lauterbach, as well as from Baron Riedesel of Lauterbach archives, and from German Geneology Book. Voulme 98 which was compiled in 1934 and published in 1946 by Iller-Euler in Bad-Salzschlirt. The authors had special difficulty in finding information during the time of the 30 year war(1618-1648) and the 7 year war(1756-1763), both of which destroyed much of our county. Clear records are only available from 1766 when the church started keeping records.

However since your information for the period 1670-1729 is so good, I was ~~so gen~~ able to concentrate on that time. This is what I found: Michael Euler was mayor of Maar in 1677, he died October 22, 1694, and was married twice. The second marriage to Anna Helfenbein on April 4, 1679? produced 5 children, whose first son Konrad Euler born July 4, 1675 and deceased here. In the family link I have followed there is no information on Michael Euler's birth date, nor maiden name of his first wife or whether there were any children from the first marriage.

Also, in this period there is no information re: Konrad Euler or his son Valentine Euler, born 1722 available. I have no idea if this information was deliberately bypassed, which I suspect, the fact that no children from the first marriage does not mean that there were none, or it was of no interest to the family tree searchers. It is therefore necessary to further investigate this Michael Euler and to learn more about his first marriage.

I will undertake this and report to you further. I'm convinced that your ancestors belong in this space.

Rev Schnecker from Maar, who is of the same opinion has in the meantime sent you a copy of my family tree.

I hope this has been of some help to you.

Why not visit us some time? I'd be delighted to see you and show you around.

Best Regards

Betr.: Ihren Brief vom 11.9.1981 Stammbau der Familie Euler aus Maar.

Ich freue mich über die Entdeckung eines weitläufigen Vetters in den USA. Der in meinem Besitz befindliche Stammbaum wurde von meinem Onkel in Maar und einem weiteren Vetter Ferdinand Euler, damals als Pfarrer in Erfurt, nach Eintragungen aus den Kirchenbüchern in Maar und Lauterbach, sowie aus dem Archiv der Freiherrn Riedesel in Lauterbach und aus Auszügen aus dem Deutschen Geschlechterbuch, Band 98, im Jahre 1934 zusammengestellt und im Jahre 1946 vom Sammelarchiv Iller-Euler in Bad-Salzschlirf im Entwurf herausgebracht. Die Autoren hatten besondere Schwierigkeiten aus dem Mangel an Aufzeichnungen aus dem 30-jährigen Krieg (1618-1648) und dem 7-jährigen Krieg (1756-1763) die beide unsere Heimat arg verwüsteten. Erst mit der Einführung der Kirchenbücher ab 1766 liegen dann einwandfreie Eintragungen vor.

Da Sie aber so gute Angaben über Ihre Vorfahren machen konnten, konnte auch ich meine Suchaktion auf die Zeit zwischen 1670 und 1729 beschränken. Dabei stellte ich fest: Im Jahre 1677 war Michael Euler Bürgermeister in Maar, er starb am 22.10.1694 und war zweimal verheiratet gewesen. Die 2. Ehe mit einer Anna Helfenbein erfolgte am 4. 4. 1675 und erbrachte 5 Kinder, deren erster Sohn Konrad Euler, geboren am 4.7.1675 das weitere Glied in meinem Stammbaum darstellt, und auch hier starb..Über das Geburtsdatum des Michael Euler, sowie über den Mädchennamen seiner ersten Frau und über Kinder aus dieser Ehe liegen keine Angaben vor. Es sind in diesem Zeitabschnitt auch keine Aussagen über einen weiteren Konrad Euler und auch über dessen Sohn Valentin Euler, geboren 1722, vorhanden. Nun weiß ich nicht, sind die Autoren damals, um den Stammbaum übersichtlicher zu halten, an diesem Namen vorbeigegangen, was ich vermute, denn daß Kinder aus der ersten Ehe nicht genannt wurden sagt nicht aus, daß keine da waren, oder es hat die damaligen Sucher nicht interessiert. Es ist also notwendig, diesen Michael Euler einmal näher zu betrachten und auch etwas über seine erste Ehe zu erfahren.

Ich werde dies tun und Ihnen dann gegebenenfalls darüber berichten. Ich bin fest davon überzeugt,daß Ihre Vorfahren in diese Lücke gehören.

Pfarrer Schnecker aus Maar, der sich auch meiner Meinung anschließt, hat Ihnen ja inzwischen eine Ablichtung meines Stammbaum-Entwurfs zugesandt.

Ich hoffe,Sie kommen damit zurecht.

Machen Sie doch Ihrer Urheimat mal einen Besuch. Ich würde mich sehr freuen und Sie winweisen.

Sie sind jederzeit herzlich eingeladen.

Mit freundlichen Grüßen

From the research of Dr Eiler and Cleo Grigg Johnson Gilchrist, the original immigrant Oyler family that cme to Philadelphia in 1729 were:

Conrad	born about 1675	died 1751
Margaret	born before 1700	died in Maneim twp. York Co Pa
Elizabeth	born about 1711	Married Lawrence Schnep
Maria Dorothea	Born about 1713	married Frederick Gelwix
Catarina	born about 1715	married Jacob Vertreez
Jacob	born about 1717	married Anna Maria_ ___
Anna Barbara	born about 1719	married Frederick Croyder
Valentine	born about 1722	married(1)Appollina (2) Susanna_ died 1790

The following shows when 3 of the daughters of Conrad and Margaret were married:

The records of Rev John Casper Stoever, a Lutheran minister in Egle's Notes and Queries, annual vol 1896 page 81 show the marriage of

Frederick Denrich Geelwicks and Maria Dorothea Euler
10 April 1733 in Providence

Jacob Verdriess and Catarina Euler, 9 March 1737, Warich

Pge 85 of the above:

Frederick Kreuter, and Anna Barbara Euler, 19 Sept 1740, Conewag

The following shows when Conrad and son Jacob acquired some land in Lancaster County Pennsylvania

The "Pennsylvania Archives Series" volume xxiv page 399 show that Conrad and Jacob Eyler each appeared on same day and took out warrants for tracts of land 200 acres in Lancaster County, 3 October 1738.

Dr Eiler's personal search of records(1936) in recorder of deeds office York, Pa showed the land was on a brach of Codorus Creek, on the West side of the Susquehanna river, then part of Lancaster County, now in Manheim Township, York Co Pa. The land was near the town of Hanover Pa, in Southwest part of York Co. near the Pa and Maryland state line.

Dr Eiler visited Hanover at that time and received these records:

from "German Element in York Co" by Dr Wentz " in the thriving town of Hanover, in 1734, Conrad Eyler and son Valentine settled on Diggs tract receiving their warrants in 1738.

On the next page is a map of the Conrad Eiler and Valentine Eyler land

I am now showing a copy of a letter written in 1914 by Rev Clarance Eyler of Collingwood New Jersey, to his cousin Emory C Oyler, showing the Oyler family as he understands it at that time, there are 5 pages:

This is a copy of a letter sent to Emery C Oyler by the Rev Clarence A Ever.

163 Lanwood Ave
Collingswood N.J.
March 2, 1914

My Dear Cousin:

Your letter of February 6th was received. In reply would say that my grandfathers name was Michael Oyler--spelled his name as you do. He was a brother of your great grandfather and married Barbara Jacobs, of near Waynesboro, whose two brothers, Michael and David were the founders Gettysburg College. /Would like to know the names of all of grandfathers brothers and sisters.
Several years ago I saw a German bible in the home of one of our cousins who lived at that time on a large brick farm house on the hill just above the West Fayetteville RR Station.
The family name was written in it in german, Eyler, I failed to note whether the bible contained the family record. Neither do I know the name of the cousin who lived there but think he belonged to the same family as Harry Oyler of the Fayetteville Creamery. Think Lee knows him.
Am very much interested in the family genealogy and thank your for your information.
Have searched the records at Philadelphia-Penna. Archives-Gettysburg. Will with this the results of my efforts.
If the records were not all burned at Chambersburg by the Confederates would be glad if you would search records of early deeds, wills and tax lists. Have not been able to get hold of the link between the early settlers and those supplied by you. Father and grandfather died when I was an infant and mother knew very little about the family. Cousin Sarah Vegary supplied most of the information she had. Mother did attend the funeral of Andrew, I think, at the Falling springs but but father died soon after in March 1860.
As a result of my researches I believe that probably the correct spelling of the name is Euler, which in german would be pronounced as you spell it.
The Encyclopedia Britanica, 9th edition, gives the biography of Leonard Euler, great mathematician, who was born in Basil, Switzerland, in 1707 and died in 1783.
In Philadelphia Free Library, corner of 13th and Locust Sts. the Penna. Archives contain the names of imigrants who land at Philadelphia from 1721 to 1791 I think. There are three lists of names(1) the ships captains, (2) lists of the men who took oath of allegiance to this government, (3) Iforget, The second list is more corect because name were written by immigrants and therefore spelled correctly.
A man by the name of Rupp also comiled a list, none of the lists, however are complete becuse they do not give the names of all women and children.
From these sources I have gleaned the following information:
1. John Georg Eyler landed Oct. 3 1737__ passengers-75 names of list.
2. Conrad Eyler ~~landed Oct. 3, 1737~~ took out warrant for 200 acres of land Oct 3, 1738 in Lancaster Co. which at that time included York, Adams, Cumberland and Franklin Counties. Found no record of Conrads landing. He may have been on boat with John Georg.
Father always said three brothers John, Conrad and Jonas came over together and John was my great grandfather, who owned a big plantation in Frederick C Md. My great grandfather may have been a son of the imigrant whose name was John and a brother of Conrad and Jonas.

Page 2 of letter in 1914 by Rev Clarence A Eyler

3. A Conrad Eyler had a survey of land in Frederick Co Md. in 1794 ? of 137 acres called Eilers Connection, and another in 1796? of 7 acres called Eilers Requise, This may have been the son of the first Conrad or perhaps a nephew.

4. Jacob Eyler took out warrant for land in Lancaster Co Oct 3, 1738. Jacob Eyler a taylor, was in the Philadelphia tax list for 1780 in Cumberland Co Tax list for 1783 and a pensioner as private Penna Militia Aug. 14, 1832.

5. Adam Euler, spelled in Rupp's list aged 33 years arrived from Rotterdam Oct 12, 1741. Took out warrant for land in Lancaster Co Jan11,174

6. Conrad Euler arrived Sept or Aug 7, 1802 from Bremen.

7. J C Euler arrived Aug 11, 1804.

8. John Jacob Eyler arrived Sept. 5, 1748

9. Henry Eyler arrived Nov 7, 1754

10. Jacob Eyler arrived Sept. 30, 1774

11. Frederick Eyler was on York Co tax list for 1779, five members in famil

12. John Eyler was on York Co tax list for 1779

13. Peter Eyler was on Lancaster Co Tax list for 1772--part of Lancaster Co. now Liberty Township, Adams Co.

14. Will of Valentine Oiler was probated in York Co.(now known as Menallen twonship, Adams Co.) in April 1790.
Widow, Susanna
chidlren, Jacob, John, Magdalena, Frederick, Valentine, Katharion, Mary , Christina and Susanna.

15. Buried at Arndtsville, Asams Co. the following named Oyler:
Daniel, Lewis, John, Michael, Jacob and Valentine.

16. Valentines children--Jacob, William, George, Alexander, John, Wsley, Ann, Elizabeth, Rachael, Susana, and Mary, who is Mrs Nicholas who lived in Chambersburg, perhaps the district attorneys mother or grandmother.

17. Ihave records of a number of wills including several of grandfathers brothers--one of whom is your great grandfaher. Among the rst is that of Jacob Oyler which was probated in1807. His signature in german is written Fulner, which written out in English would be Eueler and pronounced would be nearly Oiler or Oieler. The nearest approach to the souns in English be Eyler.

One of Jacobs sons was Michael so I think this is the branch of the family from which grandfather came but I cannot get the connecting link. This Jacob probably had a brother John, your great grandfather.

No doubt Arndtsville is named from Jacob Arendt whose daughter Mollie married Jacob Oyler.

(Such is the letter of the Rev Clarence A Eyler from which I get and if yo read it over carefully t e following information which is practically all I have of the early family history to which I believe you [illegible] or go back t Valentine and Jacob the sons of Conrad.

Dear Monroe,

Sorry to be so late in responding but I have been terribly busy and just didn't have time to get at it.

I've enclosed some photocopies of Dr. John S. Eilar's book and these are the only dates I have and you can gleen what you need from them.

Didn't realize there were so many reunions going on with the Ilers/Oylers/Etc. I attended a Jones Reunion in Grafton, WV in August. He was born the same year George Washington was (1732). His daughter and son were captured by the Wyandot Indians when she was 13 and he was 11. She was a prisoner for 10 years and her brother escaped after 5 years. She, Mary Jones, was my GGG Grandmother. Her granddaughter married my Great Grandfather Solomon Iler, Elizabeth Malott. Mary got to Detroit, Married Lt. Peter Malott, settled in Kingsville, Ontario in 1798 (Ilers were there in 1808) and in 1817 after Peter died, she and her young son, Peter who was 13, took a boat across Lake Erie to Sandusky, Ohio and walked the Indians Trails back to her home and saw her parents for the first in 40 years. She stayed a couple of months and walked back again. She began walking May 29 and arrived June 16, and that is quite a jaunt - no motels, restaurants, wilderness, mountains, streams, wow, that is really something. It was the first reunion in 71 years of this family. She and her husband are buried 7 miles from my Dad's place in Harrow, Ontario, where the Ilers settled in 1808.

I think I mentioned I have Kevin Slot in my glee club and he is from Decatur, Illinois.

Hope the enclosed information will be helpful to you.

Haven't heard from Earl in Taylorville. I sent him some information and a letter I got from an Eyler in Houghton, New York. He was going to send me some things too. He no doubt is just as busy as the rest of us - and it is difficult to get things done as you would like. I know.

Sincerely,

Bob

At her 99th in 1896, about 400 were present and held on the Frank and Jane (Iler) Fox farm (John R. Park Homestead now). Her brothers Samuel and Jacob and sister Ann, Mrs. Richard Herrington, were present. The Essex Baptist Choir sang, and all those present sang "God be with You Till we Meet Again". "Granny Arner" rode ten miles home and was up again at 4:30 a. m. She died Thursday morning about 2:00 a. m., Dec. 17, 1896. Other birthday parties were held on the John Arner and Solomon Iler II farms. Rev. W. A. Johnson had the funeral sermon. He also married Edgar and Winnie Iler, Oct. 5, 1897. Granny left 60 grandchildren, 100 great grandchildren and many great-great grandchildren. She and Jacob had 8 children. Elizabeth, John C. Jacob, III, Barbara, Lewis, Mary, Susan and Henry G.

Dear Mr. Oyler,

Your letter of April 10, 1982 that you addressed to me went to my sister's address in Royal Oak, Michigan. I am not sure how you got that address, but it was sent to me and I will try to answer it. Sorry it has taken so long.

I met Earl Oyler, a music teacher, from Taylorville, Illinois. He came to our concert in Pana, Illinois. I see that we are related so I should call you "Cousin".

The Conrad Iller came over on the Ship Allen in 1729 and landed in Pennsylvania. I have a copy of that list in the Iler Book that Dr. John S. Eilar of Albuquerque, New Mexico had published. Enclosed is my listing of the family. I am the ninth generation in this country and five generations are buried within three blocks at the place Jacob Iler settled in 1808, now Harrow, Ontario, Canada. There are about 30 different ways to spell our name and this makes it difficult, like many others, to do research in some areas.

I appreciated your writing and thanks for the information you sent. Earl wrote out some information for me too.

My glee club has sung in Decatur in the past also.

Thank you again for writing.

Sincerely,

Cousin Bob Iler

March 2, 1914

My Dear Cousin:

Your letter of February 6th was received. In reply would say that my grandfathers name was Michael Oyler--spelled his name as you do. He was a brother of your great grandfather and married Barbara Jacobs, of near Waynesboro, whose two brothers, Michael and David were the founders Gettysburg College./Would like to know the names of all of grandfathers brothers and sisters.

Several years ago I saw a german bible in the home of one of our cousins who lived at that time on a large brick farm house on the hill just above the West Fayetteville RR Station.

The family name was written in it in german, Eyler, I failed to note whether the bible contained the family record. Neither do I know the name of the cousin who lived there but think he belonged to the same family as Harry Oyler of the Fayetteville Creamery. Think Lee knows him.

Am very much interested in the family genealogy and thank your for your information.

Have searched the records at Philadelphia-Penna. Archives-Gettysburg.

Will with this the results of my efforts.

If the records were not all burned at Chambersburg by the Confederates would be glad if you would search records of early deeds, wills and tax lists. Have not been able to get hold of the link between the early settlers and those supplied by you. Father and grandfather died when I was an infant and mother knew very little about the family. Cousin Sarah Vegary supplied most of the information she had. Mother did attend the funeral of Andrew, I think, at the Falling springs but but father died soon after in March 1860.

As a result of my researches I believe that probably the correct spelling of the name is Euler, which in german would be pronounced as you spell it.

The Encyclopedia Britanica, 9th edition, gives the biography of Leonard Euler, great mathematician, who was born in Basil, Switzerland, in 1707 and died in 1783.

In Philadelphia Free Library, corner of 13th and Locust Sts. the Penna. Archives contain the names of imigrants who land at Philadelphia from 1721 to 1791 I think. There are three lists of names(1) the ships captains, (2) lists of the men who took oath of allegiance to this government,(3) Iforget, The second list is more corect because name were written by immigrants and therefore spelled correctly.

A man by the name of Rupp also comiled a list, none of the lists, however are complete becuse they do not give the names of all women and children.

From these sources I have gleaned the following information:

1. John Georg Eyler landed Oct 3 1737__ passengers-75 names of list.
2. Conrad Eyler ~~landed Oct. 3, 1737~~ took out warrant for 200 acres of land Oct 3, 1738 in Lancaster Co. which at that time included York, Adams, Cumberland and Franklin Counties. Found no record of Conrads landing. He may have been on boat with John Georg.

Father always said three brothers John, Conrad and Jonas came over together and John was my great grandfather, who owned a big plantation in Frederick C Md. My great grandfather may have been a son of the immigrant whose name was John and a brother of Conrad and Jonas.

Page 2 of letter in 1914 by Rev Clarence A Eyler

3. A Conrad Eyler had a survey of land in Frederick Co Md. in 1794 ? of 137 acres called Eilers Connection, and another in 1796? of 7 acres called Eilers Reguise, This may have been the son of the first Conrad or perhaps a nephew.
4. Jacob Eyler took out warrant for land in Lancaster Co Oct 3, 1738.
Jacob Eyler a taylor, was in the Philadephia tax list for 1780 in Cumberland Co Tax list for 1783 and a pensioner as private Penna Militia Aug. 14, 1832.
5. Adam Euler, spelled in Rupp's list aged 33 years arrived from Rotterdam Oct 12, 1741. Took out warrent forland in Lancaster Co Jan11,17
6. Conrad Euler arrived Sept or Aug 7, 1802 from Bremen.
7. J C Euler arrived Aug 11, 1804.
8. John Jacob Eyler arrived Sept. 5, 1748
9. Henry Eyler arrived Nov 7, 1754
10. Jacob Eyler arrived Sept. 30, 1774
11. Frederick Eyler was on York Co tax list for 1779, five members in famil
12. John Eyler was on York Co tax list for 1779
13. Peter Eyler was on Lancaster Co Tax list for 1772--part of Lancaster Co. now Liberty Township, Adams Co.
14. Will of Valentine Oiler was probated in York Co.(now known as Menallen twonship, Adams Co.) in April 1790.
Widow, Susanna
Children, Jacob, John, Magdalena, Frederick, Valentine, Katharion, Mary , Christina and Susanna.
15. Buried at Arndtsville, Asams Co. the following named Oyler:
Daniel, Lewis, John, Michael, Jacob and Valentine.
16. Valentines children--Jacob, William, George, Alexander, John, Wesley, Ann, Elizabeth, Rachael, Susana, and Mary, who is Mrs Nicholas who lived in Chambersburg, perhaps the district attorneys mother or grandmother.
17. Ihave records of a number of wills including several of grandfathers brothers--one of whom is your great grandfaher. Among the rst is that of Jacob Oyler which was probated in1807. His signature in german is written Fulner, which written out in English would be Eueler and pronounced would be nearly Oiler or Oieler. The nearest approach to the souds in English be Eyler.
One of Jacobs sons was Michael so I think this is the branch of the family from which grandfather came but I cannot get the connecting link. This Jacob probably had a brother John, your great grandfather.
No doubt Arndtsville is named from Jacob Arendt whose daughter Mollie married Jacob Oyler.
(Such is the letter of the Rev Clarence A Eyler from which I get and if yo read it over carefully the following information which is practically all I have of the early family history to which I believe you [illegible] go back t Valentine and Jacob the sons of Conrad.

brothers--one of whom is your great grandfaher. Among the rst is that of Jacob Oyler which was probated in 1807. His signature in german is written Fulner, which written in English would be Euler and pronounced would be nearly Oiler or Oieler. The nearest approach to the souds in English to be Eyler. C51

One of Jacobs sons was Michael so I think this is the branch of the family from which grandfather came but I cannot get the connecting link. This Jacob probably had a brother John, C52 your great grandfather. No doubt Arendtsville is named from Jacob Arendt whose daughter Mollie married Jacob Oyler. C56*
